

## A wooden Frame decorated with Silk Clay, Pearl Clay and Foam Rubber

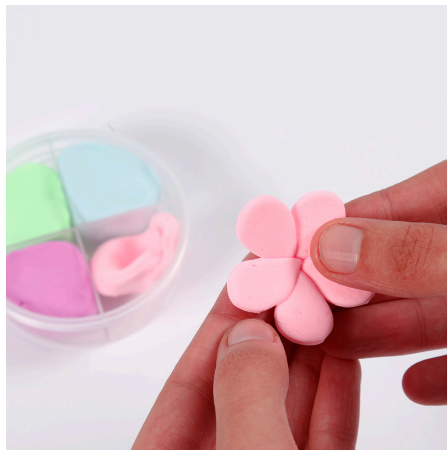

v15191

Decorate the wooden frame with Silk Clay, Pearl Clay and self-adhesive foam rubber shapes and letters.

### *Comment faire*

**1** Remove the protective foil from the back of the foam rubber letters and stick them onto the wooden frame.

**2** Model various small Silk Clay shapes.

**3** Mix the Pearl Clay beads with the supplied glue.

**4** Knead the glue and the beads until the mixture feels ready for modelling.

**5** Make Pearl Clay shapes or use Pearl Clay for decorating the Silk Clay and foam rubber shapes, adding fine details.

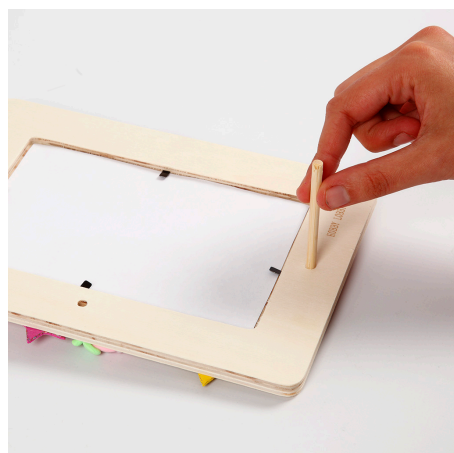

**6** Attach all the shapes randomly onto the frame. Silk Clay and Pearl Clay which is not yet dry, can be stuck directly onto the frame without using glue.

**7** Decorate the foam rubber letters and shapes with glitter glue.

**8** Turn the frame upside down when the front is dry to insert a picture inside the frame.

**9** Insert the supplied stick into one of the holes on the back. You decide whether you want the frame to be horizontal or vertical.
