

Gift wrapping with a tea towel decorated with a stamped design

v15817

Make your own unique and environmentally friendly fabric gift wrapping from a tea towel made from 100% cotton with a stamped design. You can keep and re-use the wrapping.

Comment faire

1 Wash the tea towel following the washing instructions. Make dots with a sponge dabber and an ink pad.

2 Fix the colour by ironing the back of the tea towel with an iron set on a medium temperature for 5 min.

3 Place the present in the middle of the tea towel and fold up two of the corners twice as shown in the photo.

4 Gather the other two corners and tie a knot.
