

Une housse de coussin décorée d'effets aquarelle

v15940

Peignez des effets aquarelle sur une housse de coussin prête à l'emploi avec de la peinture aquarelle liquide Art Aqua mélangée à du Médium pour Textile

Comment faire

1 Mélangez le Médium pour Textile avec de l'eau en respectant le rapport 1:1.

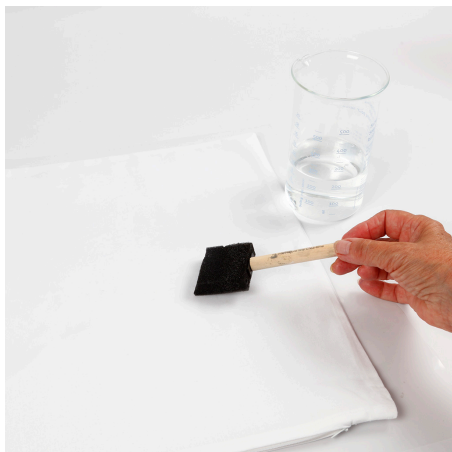

2 Fill 3/4 of a pipette with art aqua liquid watercolour and add this to the mixture (Textile Medium and water).

3 Wash (at 40°C) and dry the cushion cover before you start. Place it on a piece of plastic. Place a piece of plastic inside the cushion cover as well.

4 Moisten the fabric with water, applied with a foam stencil brush.

5 Apply the colour with a brush. Let the colours slightly run into each other, but leave some areas white. Turn over and paint the back of the cushion cover.

6 Fix with an iron, placing a piece of baking paper on top of the cushion cover.

7 Rinse out the excess colour. The cushion cover may be washed at 30°C.
